| Highway Item #3 | \$ 3,389.70 |
| Highway Item #4 | \$ 122.51 |
| Special District | \$12,881.23 |

Councilwoman Tomlinson offered the following resolution which was seconded by Councilman Lombardi.

RESOLVED, That subject to complete audit, the following bills be approved for payment.

| | |
|------------------|-------------|
| General Town | \$39,578.12 |
| Highway Item #1 | \$ 6,924.19 |
| Highway Item #3 | \$ 3,389.70 |
| Highway Item #4 | \$ 122.51 |
| Special District | \$12,881.23 |

The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Yes, Young, Yes, and Smith, Yes.

The resolution was thereupon declared duly adopted.

Supervisor Smith made the following comment: "Miss Block, we have handed to us during the week a letter dated October 10, 1977 bearing certain names of persons living on or about a road known as Midway Drive. They indicate that prior to this time, there have been a couple of applications for the take over of this particular highway similar to those

that have been entertained in the last few weeks. I'm going to give you this letter and the attached names. There are nine names. Would you please see if you could find the prior requests and forward these to Mr. Horton?"

Supervisor Smith referred to petition signed by nine (9) residents of Midway Drive, requesting that the Town of Riverhead take over Midway Drive.

The Town Clerk stated that she has always referred all matters pertaining to roads to the Superintendent of Highways.

Supervisor Smith: "Mr. Horton, haven't we had trouble in the past with one or more of these people? How does this one come out, Alex?"

Alex E. Horton: "Well the thing is that we just got notice that we will not be putting any snow fence up for the State, so we won't need any. When we put that out to bid, we figured we needed it. Since then, we got a notice."

Supervisor Smith: "Alex, really, if we don't put snow fence along the State Highway, what the hell good is it going to be to have the Town Roads clear?"

Alex E. Horton: "I know but this is what the State tells us so I don't know. What do you want to do? Do you want to put it up, anyway, on our own or what? The State's not going to reimburse us. Every year they paid us \$6,000 for putting it up and taking it down. This year we won't get that."

Supervisor Smith: "And I also know that the independents aren't going to be hired by the State to help with the State Highways which is also going to cause us trouble."

Alex E. Horton: "That's right."

Supervisor Smith: "Do you see anyway around not putting that snow fence up?"

Alex E. Horton: "It should be, but like I say, we've done it for years and it's going to be a problem if you don't. Probably for our own good, we should put it up."

Supervisor Smith: "In other words, what really the State's saying is that the Riverhead taxpayers are going to end picking up the slack."

Alex E. Horton: "That's right. If we want to put it up, we can put it up on our own, yes."

Supervisor Smith: "Is there anything new on that business with the independents plowing the State Highways."

Alex E. Horton: "Well only that some of them were laid off and like Glover on down east he sold his truck so that means when the State gets in a jam, the highways got to help him out, I suppose."

Supervisor Smith: "I just wondered if there was anything new because I mean they're talking about six trucks between William Floyd Parkway and Greenport."

Alex E. Horton: "They're going to be in trouble."

Supervisor Smith: "Yes sir, thank you. Then this Local Steel and Supply Company is low \$34.50 and they're a reputable Company?"

Alex E. Horton: "Oh yes."

Supervisor Smith: "Can we split up the price so that we buy posts from Mid Island?"

Alex E. Horton: "Yes."

ORDER TO SHOW CAUSE

D. & G. Realty Co., a partnership with offices at 7 Grayon Drive, Dix Hills, New York, Petitioner, vs. Miles H. Fairley, Richard Larsen, Robert Donnelly, Joseph Lawrence and Maurie Semel, constituting the Planning Board of the Town of Riverhead, County of Suffolk, State of New York, and the Planning Board of the Town of Riverhead, and the Town Board of the Town of Riverhead, Respondents.

PETITION

53 Signatures of residents, taxpayers, home and business owners in the vicinity of the East Court Motel, 414 East Main Street, submitted the following petition:

TO THE RIVERHEAD TOWN BOARD

We are residents, taxpayers, home and business owners in the vicinity of the East Court Motel, 414 East Main Street. We all maintain well kept homes and businesses and work in the community or have worked in the community in useful capacities.

PETITION - continued

414 East Main Street is a welfare complex, owned by an absentee landlord, has been the scene of a murder, fights, public intoxication, loitering, noise and obscenities.

In our neighborhood, there has been vandalism, panhandling, and robbery. Those adjacent to the East Court Motel, at 414 East Main Street, premises have been harassed by noise, trespass and obscenities.

WE PETITION THE RIVERHEAD TOWN BOARD FOR:

1. Increase police protection, including police action on each call.
2. Nightly police patrols of the complex and the immediate area with building checks.
3. Strictest enforcement of municipal zoning, multi-density, health and building codes.
4. Enactment of additional ordinances to regulate this problem such as; noise pollution, garbage, filth, fire, loitering, public intoxication, panhandling, and strict investigation and prosecution of narcotics violations. Filed.

COMMUNICATIONS

Seven (7) from Town of Riverhead Planning Board, dated October 7, 1977, as follows:

1. Approving final plat entitled, "Peconic Bay Estates, Inc." on Peconic Bay Blvd. Jamesport with conditions.
2. Re: Petition of A. Anthony at Wading River, Inc., to erect a free standing sign. Recommending to the Town Board that the petition for Special Permit be denied.
3. Application of Charles & Ann Cichanowicz for Change of Zone from Industrial A to Agricultural A on property located on the southwest corner of Sound Avenue and Herrick Lane, Riverhead. Recommending to Town Board that the Industrial A Zoning Use District lying westerly of the Town Line and bisected by Sound Avenue be changed in its entirety to Agricultural A Zoning Use District.
4. Special Permit application of Harry Byron Stevens for a non-nuisance industry. Recommending to Town Board that the Special Permit be granted. (to operate a lumber yard and building supply materials and supplies storage area at Calverton).
5. Application of Joseph Brush for a Special Permit to operate a Riverhead Airpark. Planning Board is of the

opinion that an environmental impact statement should be submitted with the petition for a special permit by Joseph Brush to operate an airport and recommends that the Town Board act as the lead agency to require an environmental impact statement.

6. Re: Subdivision Map Jamesport Associates. Advising that the Planning Board approves the release of the performance bond for the subdivision entitled, "Jamesport Associates, File No. 6286".

7. Re: Subdivision - Little Woods Performance Bond. Advising that the Planning Board approves the release of the Bond for the construction of roads in the realty subdivision known as "Little Woods" Wading River. Filed.

Riverhead Unit of CSEA, dated 10/7/77. Advising Town Board that the following officers were elected to serve the CSEA Unit for two year terms: Eliot Barth, President, Lorraine Zuhoski, Vice President, Catherine Miller, Secretary and Patricia Downs, Treasurer. Filed.

Four (4) Communications re: Riverhead Airpark:

Northville Industries Corp., dated 10/6/77, outlining many reasons why the Airpark should be properly permitted to operate as a fine, clean, taxpaying asset to our community and the Town of Riverhead.

Arthur and Nancy Seaman, Riverhead, N.Y., dated 10/3/77. Favoring the Riverhead Airpark. Stating they live next to the airpark and that at no time have they ever been disturbed by planes, either landing or taking off.

Bistrian Gravel Corp., Easthampton, N.Y. dated 10/5/77, recommending the re-opening of the Airport as the President, Peter Bistrian owns a Piper Aztec and a Hughes Helicopter and would be using the airport for business and personal purposes.

Jerome and Beatrice Williams, Jamesport, dated 10/5/77. Outlining reasons why the Airpark should be re-opened and urging the Board to grant the Special Permit for its operation. Filed.

Alex E. Horton, Supt. of Highways, dated 10/7/77, advising the Town Board that he has appointed Myron C. Young, as Deputy Superintendent of Highways, effective October 11, 1977, to serve at the pleasure of the Town Superintendent of Highways, and to be paid no compensation therefor. Filed.

COMMUNICATIONS - continued

Suffolk County Department of Planning, dated 10/11/77, relating to proposed amendments to Zoning Ord. #26 of the Town of Riverhead and stating that the Commission considers it to be a matter for local determination. Filed.

J. D. McHugh, Inc., dated 10/12/77, sending brochure of regular and coin operated locker requirements, also any auditorium seating that may be required for the Bayberry Park, Wading River Roller Skating - Ice Skating Rink. Filed.

Mr. Fred Kretschmer, R. R. 1, Box 333, Wading River, N.Y. 11792, asking the Town Board to reconsider the placing of non-standard roads on the backs of the already overburdened taxpayers, that the people who chose to build should be held responsible to bring the roads up to standards before a Town takeover.

Also asking if the Town will now reimburse the Herod Point people for the improvement costs of their roads. Also stating that the continued spending of Federal money just for Riverhead Village is abusive to the rest of the Town, as they get no benefits from the ambulance, sewer and water district. Also asking if Southampton Town paid their share of the walk over Peconic River.

Also stating that the taxpayers would fare much better if the Town Board would by-pass the Federal money as then they would know exactly what everything costs us.

Mr. Kretschmer hopes the Board will consider his concern and that he will hear from the Board soon. Filed.

Supervisor Smith stated: "If I find the time between now and November 8th, I will write the gentleman a letter."

NOTICE

In the matter of the Application of Northville Industries Corp., for a grant of easement in lands under the waters of Long Island Sound lying north of the Town of Riverhead, County of Suffolk, State of New York.

Notifying that it is the intention of Northville Industries Corp., to apply on the 11th day of November, 1977 to the Commissioner of General Services, Albany, New York, for a grant of easement as aforesated. And if anyone is adversely affected by reason of such grant of easement they should file their objections on or before November 11th, 1977, stating the reasons for such objection. Filed.

COMMUNICATIONS - continued

H. O. Penn Machinery Co. Inc., dated 10/14/77, urging the Town Board that any decision it may make will include the consideration that the loss of any well run business, large or small is a direct loss to the community and to those who work in or support those who work in this community and stating that the loss of the Air Park will not be in the best interests of the community or aviation in general. Filed.

Supervisor Smith: "Miss Block on old business we have the pending decision on A & P and the sign - so under old business I got a frantic call from the Attorney who didn't show up for the public hearing that night and he asked that we hold off. I think he wants to get the hearing re-opened. I said we'd hold off until we got his letter.

I see under the recognition of anyone wishing to be heard that the Beverly Hills Association wants to get up first."

PERSONAL APPEARANCES

Howard Walker; speaking on behalf of Beverly Hills Area Association: "First of all I'd like to thank the Board for its previous consideration of the application made by Beverly Hills forwarding it to the Town Superintendent of Highways. I understand that the Board is coming under some pressure for the actions it's taken on behalf of the home owners in that area and I want to thank them for standing up under this pressure and doing what I believe to be the right thing. Now I understand that you made no prejudgments as to the application, however, we are most encouraged today by the actions you've taken. There was an application we hoped that would be returned to you, some sort of action from the Town Superintendent of Highways today. Apparently, that did not take place because there was some misunderstanding that approval would be required by the Board of the appointment."

Supervisor Smith: "Mr. Walker, if you would like it - the way I read that particular section of the Statute that Mr. Horton's appointment is effective by itself."

Howard Walker: "That's my same understanding. There is one possible course of action that you might wish to follow with regard to the appointment."

However, the statute does read that the deputy should be required to file an undertaking in an amount specified by the Board, and I ask that the Town Board waive this requirement."

Supervisor Smith: "Sure."

PERSONAL APPEARANCES - continued

Howard Walker: "And that a resolution be put forward tonight waiving such requirement. Thank you."

Supervisor Smith: "Now there are others of you who are here this evening, who are new to the scene, I might have reminded Mr. Walker before he stood up, we ask you to please use the microphone and when you step forward to use the microphone, please give us your name and address that way what you say will be on the record. I would point out that we have two public hearings this evening. One at 8:00 and one at 8:15, and we'll interrupt to have these hearings and don't despair that you won't get a chance to talk, we'll come back and ask for comments from the floor as long as it's necessary so that everyone gets heard."

The other thing is once you've spoken, we've made a rule that you having once had your shot, you have to wait until everybody else get's their chance, then I'll ask you to come forward again. Do we have anyone that wishes to address the Town Board?"

John Ottaviano, Highview Drive, Wading River; "This is in reference to my question at the October 4th meeting where I asked, or rather Mr. Horton said he would sign the necessary papers officially taking over Tidewoods Roads. He indicated that he would need the original deed to do this."

Supervisor Smith: "I ordered either that day or the day thereafter, the title report certification of the owner of the Highways and Mr. Danowski received that this morning and we will be preparing a deed and forwarding it to some corporation. I forget the name at the moment and hopefully it will be executed and returned to us."

John Ottaviano: "Do you think this will be done by the next Board Meeting, November 1st?"

Supervisor Smith: "Peter, did you find out whether that corporation is in existence and if it's got a lawyer."

Peter S. Danowski, Jr., Town Attorney: "It's non-existent in Suffolk County. There's no assumed business name. That does not mean it wasn't incorporated in Nassau County or somewhere else."

Supervisor Smith: "Mr. Ottaviano, I can't tell you. If I knew there was a lawyer and if I knew the Corporation was still in existence, I could give you a better answer."

John Ottaviano: "Well could I ask you this question then? What if the Corporation is no longer in existence?"

PERSONAL APPEARANCES - continued

Supervisor Smith: "I will leap that particular hurdle when I have to. Let's just hope that it's still in existence."

John Ottaviano: "Okay. Thank you."

Dr. Caryl Granttham, 73A Sound Avenue, Riverhead; "I'd like to ask a question about a resolution. When I got the Town Board Agenda, item #15 calls for a public hearing being set on the permit for Joseph Brush Airpark in Riverhead. Is it your intention to set that date tonight?"

Supervisor Smith: "I don't know whether we will or we won't, Dr., as we had the distinction of probably being the first jurisdiction in the State of New York to deal with the freshwater wetlands, and we are now probably going to be the first jurisdiction to deal with SEQRA (State Environmental Quality Review Act) and a type one activity as it is defined therein. There is a meeting of the Joint Boards, Thursday evening, and we're going to take up this entire thing."

Dr. Caryl Granttham: "I'd like to also ask in view of the implications in terms of prudent planning of an airpark in an area that has by both the long process of Town. Master Planning which I must say I do think I was involved from the very beginning and also the planning on the bi-county level certainly doesn't envision any industrial development or commercial development of this nature. We would seek very serious scrutiny before any decision is made on this issue. Not that we have any objection to a private use of the planes there, nor the helicopter use, but to go beyond that scope I think raises some very serious issues in this Town, and we would hope it could be given the most careful scrutiny before a decision is made. Thank you."

Supervisor Smith: "Dr. Granttham, I would say something that I've said to some of the other people involved in this particular application and in particular the advent of SEQRA as SEQRA - as it applies to the Town of Riverhead. I will call to your attention that another part of that act deals with type one activities and refers to the establishment of any non-agricultured use in any agricultural use district. Now this may mean for the Town of Riverhead. When one farmer wishes to build a one-family home for his son on the farm, then we are talking about an Environmental Impact Statement. I think the ramifications of SEQRA go way beyond this present application and we're very concerned about it."

Dr. Caryl Granttham: "Well I wasn't addressing myself necessarily to this particular jurisdiction or this particular

PERSONAL APPEARANCES - continued

decision, but I do think that there are FAA and very many other considerations and certainly the new implications to safety of the 105 and the complexity of the roads there goes far beyond that reference - I was raising as a case of a very serious decision. Thank you."

Supervisor Smith: "We will be discussing it at the Joint Boards Meeting on Thursday."

Elizabeth Richards, 1123 Ostrander Avenue; (referring to petition on 414 East Main Street): "I really think the petition said it all except you have to live there to know what we all go through. We've had two robberies in two weeks on our property. We pay large taxes, but I think that human toll is what worries me. I'm very worried about my children, I feel threatened, it's dangerous."

There are people sleeping and dining out in Kentucky Fried Chickens dumpsters. Then there are people coming over the fence, it's a very very bad situation. It's no place to raise children. You know we have a beautiful neighborhood, why do we have this one festering sore in the middle of it. And if you look at the map, the 53 signatures are people who all own property. We have this place completely surrounded, and I don't think this place is worth the tax money that we get from it."

Supervisor Smith: "Of the several requests that you made, the two that we can deal with - we're probably going to go down the same road that we went with 821 and try to find similar kinds of answers as we found there. The police protection, the response time, all the rest of that is something that Doctor Menendez has already worked on with Chief Palmer, and we hope to be able to improve that as best we can. We, obviously cannot station a police officer at the door down there."

Elizabeth Richards: "Maybe you should, though."

Supervisor Smith: "I understand that and then there's one that should stand outside of Irma's Diner and one across the street. We gave a figure for instance, to the Chamber of Commerce recently to add an additional man around the shift is to add \$100,000 to the budget."

Elizabeth Richards: "And we're getting a little over \$7,000 in taxes from this place, and I think this place is costing us a lot more than that."

Supervisor Smith: "I don't disagree with that. Now one of the things that Mr. DeLucca and Mr. Scheiner who work in this problem and have been working on this problem

PERSONAL APPEARANCES - continued

say and I think is true and something that we are going to have to address is the institution of our own health code in the Town of Riverhead. Separate and distinct from our zoning ordinance. We rely at the moment upon the great County of Suffolk to enforce our health code in these kind of violations.

I won't be unkind this evening, especially with the gentleman sitting immediately behind you, but I think maybe if we had our own health code and we enforced it with our own people and we prosecuted it with the Town Attorney rather than the District Attorney that we would get more results. There are a couple of drafts that are sitting on my desk that are not necessarily imagined or otherwise specifically oriented towards this location, but generally throughout the Town."

Elizabeth Richards: "Well I feel this is a blight on our area, but it's the whole Town. Everybody who comes into Riverhead sees that it's been improved and then they see this. It spreads, it festers in the whole Town when you have a place like this."

Supervisor Smith: "I don't disagree with that at all."

Elizabeth Richards: "You know it seems to me that if a Town will put up with this, they sort of get what they deserve, and if we really don't want it, we can do something - we can certainly improve it and see that it's maintained in a decent manner."

Supervisor Smith: "I would tell you of the experience that we, Doctor Menendez and I, found in Middletown, New York. If you talk to Dan Fricke, who is a friend of yours, you will find out that Middletown's problems are somewhat similar to Riverhead's - a number of years ago before Mayor Perry - part they take the high cost - they take the profit out of welfare type housing by having public housing that reduces the immense profits that are made on these old houses and the other thing is, for instance, in a city in that sense with the population essentially the size of ours, he has two fellows that do only garbage inspections. If garbage is due to be picked up on Tuesday and you have it spread all over your yard on Wednesday, and you're a landlord and you're charging for it, you get a very nice invite to come down and see the Town or the City Court Justice the following Monday and he makes a hobby out of people that run places like this and they finally get tired of paying Mr. Walker or somebody like Mr. Walker to go to court for him and they think it's easier to just pay to have the garbage picked up."

Elizabeth Richards: "There must be profit on this."

PERSONAL APPEARANCES - continued

Supervisor Smith: "Oh there is profit on this."

Elizabeth Richards: "And if it became unprofitable and I wish it would be because it's peoples lives, people live there as well as ours that is affected and the children."

Supervisor Smith: "So you might agree then that if we had a Town Engineer who took some of the burden off of the Building Department men to do not only say roads or things of that nature that they're doing at the moment, that we might have some time for Mr. DeLucca to resort to this kind of thing."

Elizabeth Richards: "I think this is essential. Thank you."

Pat Perella, 420 East Main Street; "I'm commenting on the same situation at 414 East Main - it's a neighbor of mine and my friends tell me they don't feel secure walking right by my house because of the carousing, the drinking that goes on on the front lawn at this property. Also because of the noise and obscenities that seem to be daily and nightly - I feel inhibited about inviting relatives or friends over to my property out in the back yard - I mean it's embarrassing as hell."

The other problem is with litter. Right now if you go by that place, you'll find beer bottles and litter. The grounds are unkempt, the grass isn't cut, it's a deplorable situation."

Maureen Perella, 420 East Main Street; "I think Liz Richards and my husband, Pat, have just about summed up everything that I was planning to say, but just to make a personal touch, what I would like to tell you is that several months ago, it was a warm night in June and I had cause to walk down to Joe's which is a block away for a quart of milk. On my way back, I took about ten minutes. I had to pass with my niece and my nephew the bloody body of a man who had just been murdered and these children are still having nightmares about that."

Lillian Dusenbery: "I came up here to tell you the few things that those girls or the people haven't covered. For one thing, my husband and I have had to change our way of living because of the obscenity of morning, noon and night - they do not know if it's 12:00 noon time or 6:00 in the morning. If you look upon the blotter of the Police Department, you find I've called I don't know how many times. They'll put a radio on about 9:00 at night and it'll go on until 7:00 in the morning full blast. The police cannot break in there because naturally that's breaking and entering. They have been very very cooperative, I will give them compliments and if anybody says anything about the

PERSONAL APPEARANCES - continuedLillian Dusenbery continues:

Police Department, they're wrong.

So we had to move from our bedroom to the other part of the house. Now is that necessary? Should I give up my way of living because we have an absentee landlord. I have been calling for over a month and a half, no one answers. On the Police blotter they have had the Police to my house three times. They have destroyed my property in the back by throwing out hot fat on my roses and on my garden I've had nothing but garbage. I've called the Health Department and I don't know what kind of Health Department you have in Riverhead. We pay them, but they don't do their job, because they haven't even given the dignity to come down here and look at the garbage that is between the three sides of the apartment. All the garbage including dirty soiled diapers are there."

Supervisor Smith: "Mrs. Dusenbery, the Health Department is a County function at this time."

Lillian Dusenbery: "Aren't they supposed to come down here for health reasons?"

Supervisor Smith: "I'm suggesting to you that part of the problem in the Town of Riverhead is that we should have our own health code - that we adopt one - I was about, quite frankly, a number of meetings ago, ready to adopt the County Health Code and then we got copies of what's called the Model Sanitary Code which seems to do a lot more and give us a lot more latitude in the enforcement of such laws."

Lillian Dusenbery: "Then who do I call?"

Supervisor Smith: "The County Health Department at 727-4700."

Lillian Dusenbery: "That's exactly where I've been calling."

Supervisor Smith: "Ma'am I'm telling you if we adopt our own code, we can enforce our own ordinances."

Lillian Dusenbery: "Well that's your problem to do then, right?"

Supervisor Smith: "Yes, ma'am."

Now when you were last with me with Mr. Alexander, I would tell you that on a number of occasions I not only prowl in Wading River at night, I sit in the Security National Bank parking lot and listen to your problems too. I agree with you. They're noisy, there's filth and all the rest."

PERSONAL APPEARANCES - continued

Lillian Dusenbery: "It's unbelievable. In fact, I wish I could give a personal invitation to the owner of that building to come and live in my house for one week with his prim and proper wife and they sure would find out exactly what we have to go through. It's not funny. I cannot even have a party in my back yard. Now I want something done about it."

Supervisor Smith: "Mrs. Dusenbery, among other things, the gentleman has sued us to get an additional unit in that location."

Lillian Dusenbery: "Well what kind of an individual is he that has the audacity to pay those kind of things. I haven't confronted him but God help him if I ever do. I am getting up here and this is embarrassing to me too, Mr. Smith, it's an awful awful situation. I have it worse than the Perella's here have it. My husband and I have put up with it now for four years."

Supervisor Smith: "I don't mean to make light of it. I'm telling you that what we can do is attempt to enforce the laws that we have and to make new laws to help with this - your situation is much the same as 821 was. We're gaining there, hopefully, we'll gain in your location also. I have no magic wand to wave over the situation."

Lillian Dusenbery: "No we don't, but we all have got to understand there has to be an authority over one man who can come here and desecrate our Town the way this man has done. He's not the only one. There's been four or five owners prior to that plus the original man who owns the mortgage."

Supervisor Smith: "Mrs. Dusenbery, again it is some- think that I've said and some of the other people have heard in the room for years in this Town, we worked with one Building Inspector, and then a part-time gentleman and you know - we sort of struggled along without the kind of professional help that's necessary to enforce this kind of law and you read in the papers when we add staff of professional quality to enforce this kind of law and we're going to keep trying to find the answers whether it's housing or code enforcement or whatever it is. But you are one voice that stands up and says do these things and I hope that when they are done that you come back, because sometimes that isn't the case."

Lillian Dusenbery: "I'm going to be coming back until it's done."

PUBLIC HEARING - 8:15 P.M.

Town Clerk submitted affidavits of posting and publishing Public Notice calling Public Hearing on the matter of proposed amendments to Code of the Town of Riverhead (Zoning Ordinance No. 26) - said proposals delete Sections 108-21, Subdivision A13, Section 108-15A, Subdivision 9, and Section 108-19, Subdivision B.

The affidavits were ordered to be placed on file.

Supervisor Smith asked the Town Attorney to explain the proposed amendments.

Peter S. Danowski, Jr., Town Attorney explained as follows: "This apparently should have been done some years ago when another amendment was done. I think Ray Wiwczar brought it to my attention and he did discuss it with Pat Tormey, who is chairman of the Zoning Board and apparently, we created some amendments where we deleted certain sections which are now before you, don't make any sense at all."

Supervisor Smith: "We're cleaning up certain duplications."

Raymond Wiwczar: "Right."

No one wishing to be heard and no communications having been received thereto, Supervisor Smith declared the hearing closed at 8:16 P.M., and re-opened the meeting.

PERSONAL APPEARANCES

Fred Alexander, Business Address - 406 East Main Street, Home Residence - 227 Fishel Avenue, Riverhead; "I would be remiss if I didn't just say Amen to what Mr. Perella and Mrs. Richards had said. I don't believe you really understand the situation that exists unless you have to participate within that neighborhood. I have discussed this with Mr. Smith, and Mr. Menendez. It has existed for - I really can't say - from the time Mr. Simon Ullian created this situation it has existed. It just seems to me that there must be something that our Town Board can do to maybe ask the aid of the County Health Department to just look into this situation not only once, but constantly to see what happens daily at that place. 821 is a Paradise in comparison to 414. You just can't possibly believe what goes on there day in and day out unless you were to be there and observe it. Day in and day out I get telephone calls if I complain to the gentleman who drives up in the gray Chrysler or the blue Cadillac, all we get is guff. If I speak to him once then for two nights 1, 2, 3, 4 o'clock in the morning the phone rings. I will not use the words that he uses to me - it's unbelievable."

PERSONAL APPEARANCES - continuedFred Alexander continued

My son puts up with it. I just can't emphasize enough of what the situation is there and Allen, Mr. Smith, I know that you know, Franny and I know that you know. I have talked with you about it and I certainly hope that you'll make every effort possible to try and get this County Health Department of ours. I'm very glad to hear that possibly you are working towards your own Health Department that can rectify this - This is a spittoon, over there folks believe me. You have to really see and live there to know what's going on."

Supervisor Smith: "Fred let me just put it to you this way. As Allen Smith to Fred Alexander and other friends, I am working on the problem. There is no easy answer to what you say. There are so many sides to the problem, many of which evolve back to the County of Suffolk. We'll concentrate on 414. We'll do like we did across the street. We'll try to find some of those answers. There are Avenues that we approached that we're working on."

Councilman Menendez: "Fred and Mrs. Dusenbery, we know you've got a problem. We know what goes on there. There is no fast solution, I don't think with what we have to work with. But we can get after the County Health Department and I will sit down with the Chief of Police, Chief Palmer, and we will try to work out something to at least slow these boys down. If you go in there and catch them in the act, you can bust a few of them - The same as has been done in Wading River at the Greenbriar Inn. We can go in and catch these fellows and bust a few of them, it won't stop them but it will sure slow them down. And we'll try and help you."

Lillian Dusenbery: (inaudible).

RESOLUTIONS

Supervisor Smith stated: "On D. & G. it's returnable the 28th day of October. There maybe a necessary party lacking there."

the modifications set forth below:

FIRST: Incorporated herein by reference is a certain drawing entitled "Swan Lake Golf Course", prepared by Howard W. Young, Land Surveyor, last dated August 2, 1976, which drawing shows the layout of two (2) 18-hole golf courses, a proposed clubhouse, and certain parking areas. Said drawing further delineates areas to be filled and other areas to be cut and developed as new ponds or wetlands. Further delineated thereon, by legend, is the "line of swamp".

SECOND: Condition numbered "2" shall be amended to read as follows:

"The cranberry bogs shown upon the aforesaid drawing, except those which lie between Swan Lake and River Road, shall be allowed to revert to a natural swamp condition. Those cranberry bogs between Swan Lake and River Road may be maintained in active production. Dams and weirs must be maintained to control the necessary water levels sufficient to achieve the above."

THIRD: Condition numbered "3" shall be amended to read as follows:

"That Swan Lake and the surrounding swamp, as shown on the aforesaid drawing of Howard W. Young, dated August 2, 1976, shall not be developed, changed, or otherwise altered from its present state, without further application to this Board for amendment of the conditions, pursuant to the provisions of the 'Special Permit' of Chapter 108 of the Code of the Town of Riverhead."

FOURTH: Condition numbered "4" shall be amended to read as follows:

"That no structures shall be built upon the subject site, except the clubhouse, shown southwesterly of Swan Lake on the drawing of Howard W. Young, dated August 2, 1976, unless this Special Permit shall be amended by application, pursuant to the 'Special Permit' provisions of Chapter 108 of the Code of the Town of Riverhead."

The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Yes, Young, Yes, and Smith, Yes.

The resolution was thereupon declared duly adopted.

RESOLUTIONS - continuedFORMAL REQUEST OF TRANSFER OF POLICE OFFICER THOMAS DORFER

Councilman Menendez offered the following resolution which was seconded by Councilman Young.

WHEREAS, Police Officer Thomas Dorfer has formally requested permission to transfer from the Riverhead Town Police Department to the Southampton Town Police Department, and

WHEREAS, The Town Board of the Town of Riverhead has consulted with the Chief of Police of the Town of Riverhead, and

WHEREAS, This Town Board has at the present time not received any written authorization approving said transfer from either the Town of Southampton or the Suffolk County Department of Civil Service.

BE IT RESOLVED, That Thomas Dorfer shall be permitted to transfer to the Southampton Town Police Department contingent upon the following conditions:

- 1) That the Town of Southampton approves in writing said transfer, and
- 2) That the Suffolk County Department of Civil Service approves said transfer,

BE IT FURTHER RESOLVED, That said Riverhead Town's action in approving said transfer is based on review of the application of Thomas Dorfer and shall not be construed to approve any other applications for transfer that may occur in the future.
